DICTAGRAPH EVIDENCE IS SUSTAINED BY COURT

Was Convicted of Bribery in Alleged Legislative
Scandal---Other Legislators Will be Tried Very
Shortly---Senator Huffman Will be
Next Man Tried.

Columbus, O., Feb. 20.—Rodney J. Diegel, former sergeant-at-arms of the Ohio State Senate, must serve three years in the state penitentiary for complicity in legislative bribery. This decision was announced today by the Supreme court which heard the last appeal by the counsel for their client more than a month ago, and sustained the decision of the lower court. The sentence of three years was imposed by Common Pleas Judge Kinkaid, formerly a personal friend of Diegel. Today's decision established the competency of dictagraph evidence which had never before been passed upon.

Diegel, convicted of aiding and abetting Senator L. R. Andrews of Lawrence county in accepting a bribe of \$200 to influence his vote on the Senate Bill 256, an insurance measure, put up a strong fight to escape conviction.

He had the support of the attorneys employed by other legislators indicted in the bribery scandal, because it was through the favorable decision of the court in this case that all the other legislators, who had been indicted, hoped to escape going to the bar of justice.

The legislators indicted are Senators Andrews, I. E. Huffman of Butler county; Edgar T. Crawford of Carroll county; T. A. Dean of Sandusky, and

INDICT FORTY
IN CHICAGO
FOR REBATING

Chicago, Feb. 20.—Forty indictments for alleged rebating were returned today by the federal grand jury, the defendants being 23 railroad companies, two theatrical companies and four individuals. Excessive payments for advertising in return for the purchase of railroad tickets is declared to be the medium by which the alleged rebating occurred.

The discovery of the scheme to evade the law was made by the division of inquiry of the interstate commerce board. Those indicted are Harry J. Klein, general passenger agent of the Michigan Central; Wm. Underwood, assistant general passenger agent of the Michigan Central; Rudolph Hynicka, of Cincinnati, director of the Columbia Theatrical Amusement company; James E. Pennessy of Cincinnati, director and secretary of the Empire Circuit company, the Theatrical Amusement company of New York; the Cleveland, Chicago and St. Louis railroad, the Lake Shore and Michigan Southern, the Michigan Central, the House's Opera House company of Cincinnati.

MAN ARRESTED
FOR HOLDUP OF
PULLMAN CAR

Baltimore, Md., Feb. 20.—W. A. Becker was arrested near Altamont, W. Va., early today in connection with the robbery of a Pullman car on the St. Louis express of the B and O. last night. The man had \$133.27 in money and four watches, said to correspond with those taken from the passengers, and two revolvers. The suspect claims that another man gave him the watches.

Keyser, W. Va., Feb. 20.—W. A. Becker, a freight brakeman on the B and O, is held in the state of Maryland. It is said Becker will be turned over to the authorities of West Virginia.

He boarded the train at Keyser while it was climbing the grade and made his appearance in the rear sleeper, covering the negro porter, flagman

RUMORED THAT
NATIONAL CO. IS
BEING PROBED

Cincinnati, Feb. 20.—Rumors are current that the special United States grand jury now in session here this week is considering the National Cash Register company to see if it has violated the Sherman anti-trust law. It is expected to finish the investigation next later than Thursday. The company and 28 officers and employees are party to a civil suit by the United States court in which it is charged they had conspired to stifle competition and indulged in illegal selling schemes to crush out competitors. Much of the testimony which was gained by the government in the civil action has been presented to the present grand jury. Judge Hollister has studied the Sherman anti-trust law, as this was his only charge.

Lima, Feb. 20.—The congregation of the Epworth church was shocked at the evening service when Lewis Kreiling, 73, took his seat, threw back his head and fell dead.

REP. CANDIDATE FOR
CONGRESS WILL BE
EASY FOR ASHBROOK

Columbus, Feb. 20.—Wm. B. Stevens of Urbichville, delegate to the Constitutional convention from Tuscarawas county, is being groomed as a Republican candidate for Congress from the Seventeenth district, now represented by W. A. Ashbrook.

Mr. Stevens was a candidate for congress in 1902. He cut down materially the majority of former Congressman John C. Cassingham, then up for re-election. Mr. Stevens is an ardent dry and a lawyer.

Friends of Congressman Ashbrook from Tuscarawas say he will carry that county by his old-time majority regardless of who may be set up against him.

MURDERER JOKES
ON THE GALLOWS

Mobile, Ala., Feb. 20.—J. Lawrence Odum, convicted of the murder of three persons, was hanged here yesterday. He refused the ministrations of clergymen, who labored with him all night and those of his own son, a Catholic priest.

When asked to say his last prayer he requested that his 5-year-old daughter Hazel be brought to him to remove the black cap. He mounted the gallows stoically and laughingly asked to see his wife.

Odum was convicted of killing Charles Golang, Joseph Stokes and David Gartman, the latter a 16-year-old boy. They had been witnesses against him in police court on a charge of cruelty to a dog.

The killing took place March 19, 1910, at Citronelle, Ala. He shot the boy at the feet of his mother, as she was pleading for his life. Odum was tried twice and declared guilty each time. He was wealthy.

Liquor License Advocates Win
First Contention in Big Fight
on Convention Floor.

Columbus, Feb. 20.—The liquor fight in the Constitutional convention started today with the license advocates winning the first contention. The Anderson proposal, which had been made a special order of business before the time fixed for consideration of the majority report of the liquor committee containing the license proposal, was substituted by the substance of the majority report.

Vigorous protests were raised that this proposal was out of order. Anderson and Lampson, who have both been dictatorial bosses at every stage, declared that it was an outrage of parliamentary proceedings and Anderson said: "Nobody in the convention can understand the rules but Mr. Doty of Cuyahoga county." and suggested later: "Mr. President, will you let the member from Cuyahoga county take the chair so that he can rule from there properly instead of from the floor."

When it was found that President Bigelow could not be intimidated, and would not change the rule which would permit the substitute, Wynn of Delaware county presented the minority report of the liquor committee as an amendment to the substitute. This then placed the entire liquor license proposal before the convention for debate.

Provided, however, that the general assembly may contract debts and authorize issue of bonds to an amount which in the aggregate shall not exceed \$50,000,000, for the purpose of construction, improving, maintaining, repairing and rebuilding a system of inter-county wagon roads throughout the state, not to exceed \$10,000,000 in such bonds shall be issued in any one year; and where shall be levied and collected annually, by taxation, an amount sufficient to pay the interest on said bonds and provide sinking fund for their redemption at maturity.

Such wagon roads shall be determined under general laws, and the cost thereof shall be paid by the state.

The provision of this section shall not be limited or controlled by Section 6 of Article 13.

This proposal by Mr. Lampson of Ashtabula, amended by Judge King of Erie, Mr. Brown of Lucas and Mr. Harris of Hamilton, was adopted by the Constitutional convention last night.

It is an amendment to article 8 section 1, which limits the amount of indebtedness the state may incur to \$750,000, which has been the debt limit since the adoption of the present constitution in 1851.

After nearly two weeks of debate and hard fighting, good roads advocates broke into cheers last night when the final victory was assured.

The vote was 72 to 40. The ballot was taken immediately after an amendment by Mr. Stillwell of Cuyahoga, which provided for an annual road levy of three-quarters of a mill until 1923, when the question of continuing the direct state levy should be referred back to the people, had been

FORMER MAYOR MISSING.

Kent, Feb. 20.—James Armstrong, a Democratic politician, former mayor of congressional and county committee chairman for many years, has been missing since Friday. He has been in ill health. A clew that may locate him at Swissvale, Pa., is being investigated.

BODY FOUND ON PILOT.

Cleveland, Feb. 20.—The body of Harry Capin, 22 of Geneva, O., was found on the engine of train 17 in the Lake Shore railroad round house early today, having been carried for 40 miles on the pilot of the engine. Engineer Webber says he knows nothing of having struck the man.

Concord, N. H., Feb. 20.—The suggestion that both President Taft and former President Roosevelt should decline to be candidates for re-election this year in the interests of uniting the Republican party, is made by former United States Senator William E. Chandler, in an open letter to the Republicans of New Hampshire, made public last night.

Mr. Chandler expresses the opinion that the Republican party is divided between Taft and Roosevelt, and as long as the split lasts, is certain of defeat.

Mr. Chandler declares that, while he personally favors Senator La Follette, he would surrender his preference for some one like Charles E. Hughes, Albert B. Cummins, Charles W. Fairbanks or Governor Hiram Johnson of California.

HEARST SUPPORTS CLARK.

San Francisco, Feb. 20.—Speaker Champ Clark will be given the support of the William R. Hearst Democratic faction in California in his candidacy for the nomination for the Presidency, according to correspondence made public yesterday.

In a telegram to M. F. Tarpey, one of the leading Hearst supporters, Speaker Clark asserted that he had steadfastly refused to permit campaigning in his behalf in states that had avowed "favorite sons" candidates. For this reason he would not enter the list against Mr. Hearst in California.

This message was forwarded to Mr. Hearst, and brought the reply that he "could not for one moment consider his (Clark's) retiring from California in my favor."

"Mr. Clark is the logical candidate for President," said Mr. Hearst's message, "and should receive not only the support of the Democratic voters of California, but of every state in the Union."

NEW ERA DAWNING.

Trenton, N. J., Feb. 20.—Governor Woodrow Wilson, speaking at a dinner here last night, said that the Democratic party had not in the past had the confidence of the people, because it had been regarded as a party of experiment. There was now, however, a new era dawning. He said: "The trouble with the Republican party was that it was a party that considered itself a sort of trustee to conduct the affairs of the country in the interest of business, with the people getting incidental consideration."

"The great bulk of the business men of the country," he said, "were beginning to see this and were turning to the Democratic party for relief."

HARMON INDORSED.

Fremont, Neb., Feb. 20.—At a meeting of Nebraska Democrats yesterday the candidacy of Governor Harmon of Ohio, for the Presidential nomination was indorsed.

Bernard McNaney, of Red Cloud, was elected president of the organization which was formed and Chris Gruenther of Columbus, secretary.

Secretary Gruenther, replying to recent statements that Governor Harmon participated in the bond sale by which during President Cleveland's administration, it is alleged New York financiers made \$8,000,000, declared that Governor Harmon did not become a member of the Cleveland cabinet for several months after the bonds were issued, and did not in any manner participate in the issue.

SHERIFF IS CAPTURED

Victims Were Charged With
Throwing Railroad Man From
His Train in Tennessee.

Shelbyville, Tenn., Feb. 20.—Other than the handing in of the names of suspects to the government there has been no new development today, growing out of the outrage yesterday in which one negro was killed and two wounded. One of the wounded negroes cannot live, but the third will survive and will answer charges of murder. There is little doubt but that the crowd was made up of Nashville people.

Shelbyville, Tenn., Feb. 20.—Deprived of its prey in the first attempt to slaughter three negroes as they were being taken from the court house to jail here yesterday, a mob broke into the sheriff's office, where the wounded blacks had been taken, and fired upon them.

Evidence that the blacks killed Special Officer S. W. Everson of the Nashville, Chattanooga & St. Louis railroad was so strong at the preliminary hearing early yesterday afternoon that the three were bound over to a higher court. As they were being taken down the court house steps the mob attacked the sheriff and six deputies, killed one of the blacks and badly beat the others.

They were hurriedly taken into the sheriff's office near by and the sheriff stationed himself at the door.

Reports sent out from the offices that the negroes were dead were not believed by the mob and the jail was stormed again. The sheriff was captured and one member of the mob broke down the door of the room in which the blacks were huddled and opened fire. Each of the wounded prisoners was struck. Evidently believing all three were dead, the mob dispersed. Later the two wounded blacks were secretly taken to the jail.

During the two hours between the attacks Sheriff Williams telegraphed the governor to send troops, and a Nashville company was ordered out. This was countermanded later, however, when Williams informed the governor that he believed he could handle the situation.

Everson was killed on the night of Feb. 10, when he was thrown from a Nashville, Chattanooga & St. Louis train near Bellhuckie, Tenn. He had tried to quiet belligerent negroes in the Jim Crow car.

It is said the mob, which was composed of not more than twenty men, was made up largely of persons from Nashville, many of them employees of the railroad. Everson had worked for. They wore no masks. Governor Hooper has offered a reward of \$500 each for the arrest and conviction of the members of the mob.

The dead negro was Walt Greer and the others are Dave Neal and Green Bomer.

DRIVE OUT ALL NEGROES.

Dothan, Ala., Feb. 20.—After wreaking vengeance on the negro population of Dixie, a small town near here, driving every black from the village and killing one last night, a mob is searching the countryside for another negro. The body of Miss Estelle Brown was found in her home last night, the head pierced by two bullets. Across the breast lay a rifle. A negro was seen near the home a short time before the body was found. A mob soon formed and proceeded to Dixie. A coroner's jury today pronounced the death of Miss Brown murder.

KENTUCKY MOB FOILED.

Cairo, Ill., Feb. 20.—Willis Richardson was rushed out of Carlisle county jail at Bardwell, Ky., last night, and taken to Ballard county jail, at Wickliffe, Ky., for safe-keeping, as a mob was being formed at Milburn, Ky., to go to Bardwell and lynch him.

On Saturday night Richardson murdered John Violet, a prominent farmer of Milburn, without provocation and the murder caused great excitement over Carlisle county.

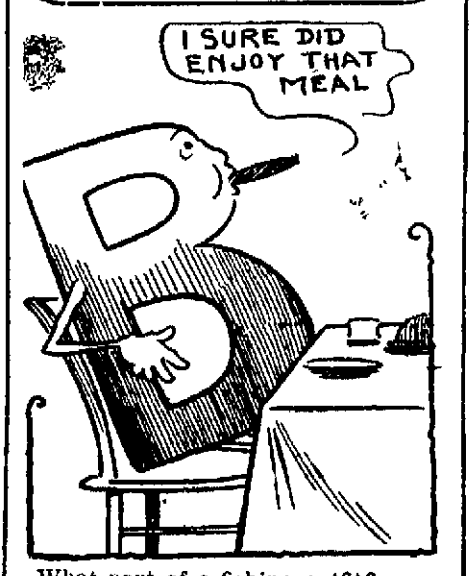

In order to avoid trouble a special grand jury was called yesterday and Richardson was indicted for murder in the first degree and his trial was set for next week. Milburn is only seven miles from Bardwell, and as soon as the sheriff was notified of the mob he hurried the prisoner out of the county.

MISTAKEN FOR
BURGLAR, IS SHOT

Cleveland, Feb. 20.—Mistaking a man who was trying to unlock the front door of his home for a burglar, Dr. L. H. Wagner shot and badly wounded Thomas Brennan, 32, here today. The police say Brennan was intoxicated and that he had mistaken Dr. Wagner's door for his own.

THE PRODIGAL JUDGE

is a tale that treats of American life and conditions of several decades ago and is wholly unlike anything else in recent fiction. When the story is ended you'll find that you have left a company that you have come to know intimately and, for the most part, loved.

NEWARK ADVENTISTS SEND PETITION TO CONVENTION

The Newark S. D. Adventist church, in open session Saturday morning, adopted resolutions protesting against some of the work of the constitutional convention now in session in Columbus. It was explained by the leader of the meeting that the church had no quarrel at all with the work of the convention except where it was proposed to fasten upon the new constitution certain features relating to the union of church and state. The Adventists protest against class legislation, even religious class legislation. They fear that if a loop-hole is left open in the constitution it will some day be used by bigoted men to force up-

on a minority the religious convictions of the majority. This is in direct opposition to the letter and the spirit of the national constitution. The memorial adopted by the church is as follows:

Memorial of the Seventh-Day Adventist Church of Newark, O.

"To the Honorable Constitutional Convention, Columbus, Ohio:

"Your memorialists represent a body of Christians known as S. D. Adventists, who believe civil government is ordained of God for the preservation of peace and the protection of state and national citizenship.

"As law-abiding citizens we uphold that respect for authority of

just government which is especially necessary for the maintenance of republican institutions, and while we seek to promote morality, civility and the principles of the Christian religion, we deprecate the wrong principles involved in the union of church and state. The founders of the nation, recognizing that "the duty we owe our Creator, and the manner of discharging it, can only be directed by reason and conviction," wisely excluded religion from the concerns of civil government, not because of their indifference to its value, but because that being a matter of the heart and conscience, it did not come within the jurisdiction of human laws or civil compacts. Therefore we respectfully but earnestly request your honorable body to view with disfavor any proposal tending to such union.

"We humbly protest against the adoption of the following proposals on the basis of the American idea that such matters are plainly outside of the jurisdiction of state law-making assemblies:

"Proposal No. 65—Relative to the Protection of the Sabbath.

"Proposal No. 121—To submit an Amendment to the Preamble of the Constitution.

"Proposal No. 204—The Sabbath shall be a Mere Civic Regulation."

"Adopted by the said church at a meeting held Feb. 17, 1912."

The Sabbath being always and forever a religious institution, it is not a fit subject for human legislation. It is a matter of conscience purely and no man nor set of men may invade the realm of conscience without opening the floodgates of bigotry and pour upon the world the laws and practices of the Dark Ages.

Evangelist Spencer Talks on Amusements

"Christ and Amusements," the subject last night of the sermon by Dr. J. J. Spencer at the Central Church of Christ, proved to be not only entertaining, but edifying and fruitful as well. The evangelist said that the meeting last night was one of the best of the series. The earnestness and alertness on the part of the audience were an inspiration. The choir was praised for its faithfulness and efficiency.

The sermon took up the subject of amusements, dancing, theatre-going, card playing, pictures shows, baseball, excursions and so on, and dealt with the question from the standpoint of Christ. Applying to all the dissipation and frivolities, all the recreations and activities of life the simple principles of His religion. Mr. Spencer said there was no other Christian way to deal with the amusements and entertainments of the day, so far as they relate to the well being of the community, except, according to the great regulative principles of Jesus' teaching and life. When one becomes a Christian he fully covenants to let Christ rule and direct his life and thus becomes the heir of spiritual riches, glory and power. He also becomes a burning and shining light for others through the indwelling spirit of Christ.

Mr. Spencer gave many interesting examples from his own experience in dealing with the amusement question. He said that all our pleasures, our business, our social, personal and dispositional life, are to be brought under the joy-giving and redemptive reign of the Lord Jesus. He showed how this was practicable, that God expected it and how the church and the home might contribute to its accomplishment. The sermon showed a tender sympathy and love for young people and was aimed at their highest good and happiness. Tonight the subject is "After Death, What?"

A motor plow for throwing up trenches on a battlefield to afford protection to soldiers, is a recent invention.

ARE FEATURES OF THE MARCH CENTURY

Several features in the March number will emphasize The Century's devotion to the best that can be offered in art, as well as in literature. The frontispiece will be a brilliant reproduction of Rembrandt's "Mill" (in Timothy Cole's series of wood-engravings of Masterpieces in American Galleries) which is classed with the great pictures of the world, and for which an appreciative American is said to have parted with half a million dollars. Two views of French's recently completed statue of Lincoln, made for the namesake capital of Nebraska, will be the first that have been printed of this most impressive conception of the great president. The pictures of a novel article on the old-fashioned custom of embroidering "Samplers" will contain two attractive pages in color, and in addition to several page portraits of old and modern, and the usual variety of illustrations, the monthly contains lithographs of two Italian monuments of interest to the civilized world—the reconstructed Campanile of Venice (which collapsed ten years ago) and the ambitious monument to Victor Emmanuel as seen across the old Roman Forum.

SUPREME COURT HANDS DOWN MANY DECISIONS

Washington, Feb. 20.—The following decisions of the United States supreme court were handed down yesterday:

RICHARD (HIMSELF) CARLE.

If you never saw Richard Carle in former years, don't fail to see him when he comes to the Auditorium Wednesday next with his latest success, "Jumping Jupiter," for discerning critics have said that the elongated comedian was never so funny as in this piece and never appeared in funnier plays. Carle's plays are all constructed for laughing purposes only, and as he writes them himself, stages them himself and acts the star part in them himself, he certainly has every opportunity to be as funny as the law allows. Crowds always flock to see Carle cut the capers that only Richard (Himself) Carle can cut, and sing the songs in that placid, quaint style that only Carle can assume. Carle has not been in this vicinity for some time and the public has missed a treat in a tall, bald-headed, bespectacled genius who has a talent for amusing in a way strictly his own, there can be little doubt that "Jumping Jupiter" will attract largely.

THE AL. G. FIELD GREATER MINSTRELS.

Best sellers in books are always a criterion as to the public taste. It is universally conceded that "The Rosary" is the best seller of the year. Circulating libraries never have sufficient copies to supply the wants of those who depend upon those institutions for their reading matter. The Al. G. Field was the first to introduce "The Rosary" with chimes and a choir. The scenic surroundings are a beautiful garden filled with plants and tropical shrubbery. A lake is discernible through the foliage with the moonlight casting its mellow rays over the bosom of the slumbering water. With such surroundings, "The Rosary," even though it were a less meritorious musical production, would attract more than ordinary attention. With the appropriate scenic surroundings, aided by chiming bells and a choir of cultured singers, the rendition

Young Mothers

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby too is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. A Permanent Cure For Chronic Constipation

Although these may dispute it who have tried it, or others, who speak from personal experience, assert that there is a permanent cure for chronic constipation. Some testify they were cured for as little as fifty cents, years ago, and that the trouble never came back on them. While others admit they took several bottles before a steady cure was brought about. The remedy referred to is Dr. Caldwell's Syrup Pepsin. It has been on the market for over a quarter of a century and has been popularized on its merits by one person telling another. The fact that its strongest supporters are women and elderly people—the ones most generally constituted—makes it certain that the claims regarding it as a permanent cure for constipation have not been exaggerated.

It is not violent like cathartic pills, salts or waters, but operates gently,

without griping and without shock to the system. It contains tonic properties that strengthen the stomach and bowel muscles so that in time medicines of all kinds can be dispensed with and nature is again solely relied on. Among the legions who testify to these facts are Mr. E. L. Smith, Steubenville, Ohio, and Mrs. Genl. W. T. Wilson, 1238 Wesley Ave., Columbus, Ohio, and they always have a bottle of it in the house, for it is a reliable laxative for all the family from infancy to old age.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. B. Caldwell, 405 Washington St., Monticello, N. Y. Give name and address on a postal card will do.

ORPHEUM.

"The Rajah of Bhong," which was to open at the Arcade playhouse yesterday matinee, through a delay in some very important baggage, did not open until the night performance. A crowded house assembled to witness the matinee and "night boys" worked hard to get everything in order but it seemed impossible and rather than give a performance that would not be satisfactory, Manager Bassett refunded the many patrons' money with a promise of the regular night performance. Everything was in "ship-shape" for both night performances, however, and "The Rajah of Bhong" proved to be an all-round lively, jingling, musical comedy. The chorus is composed of pretty girls, with excellent voices and all their song numbers are pleasing. Besides the comedy proper they introduced four vaudeville acts. They carry a lib of special scenery, which furnishes the act beautifully. The Orpheumscope has a late licensed film.

The March Woman's Home Companion.

The March Woman's Home Companion is a big advance spring fashion number and it is filled with the latest fashion news from Paris, New York, and other great centers. Grace Margaret Gould, the well known fashion authority, who edits this important department for the Companion, has, as usual, done her work thoroughly, interestingly and practically. Women of ordinary means can find in her pages suggestions for spring clothes that are artistic and up-to-date, yet economical.

The special features of the Companion this month are unusually entertaining and informative. There is a great array of fiction and a number of notable articles, titles of some of which follow: "Maude Adams" an illustrated description of the work of America's leading actress; "How Laws are Made," an article by the Vice-President of the United States; "The Girl With a Voice," being an account of the adventures of a young woman who prepared for opera singing; "A Business Woman in Politics" being a description of the work of the Food Inspector of the city of Tacoma, who is a woman, and "When Baby is Sick," an article on the illness of children by Dr. Roger H. Dennett.

The many other departments in the Companion, aside from the fashion department, are filled with facts and ideas and suggestions of interest and value.

About one man in a thousand ever succeeds in catching up with that promising future.

Thought It Was Coffee Until Wife Told Him!

ONE day the wife of a prominent Ohio man served Fitch's GRAINS OF HEALTH instead of coffee for dinner.

Her husband was very particular about his coffee. She didn't say anything about the change.

What was her astonishment as the meal passed and her husband didn't discover a difference.

He simply asked for an extra cup and remarked that "the coffee" was unusually good.

For ten months he drank Fitch's GRAINS OF HEALTH before he knew it. And then his wife told him!

Fitch's Grains of Health

The Coffee Substitute With the Coffee Taste

is the only substitute for coffee which smells like coffee—tastes like coffee—has all the coffee satisfaction—without a single bad effect of coffee.

People who dare not touch coffee, can drink all they want of Fitch's GRAINS OF HEALTH. It is good for them. Doctors recommend it.

In Fitch's GRAINS OF HEALTH a special high-grade blend of coffee is so combined with roots, herbs and vegetables

that the caffeine is counteracted. It is a health drink! Try a package today.

Fitch's GRAINS OF HEALTH is sold by all leading grocers. The price is 30 cents the pound package. It is ground. Ready for use. It is just as easy to prepare as coffee—but only half as much.

Fitch's GRAINS OF HEALTH is required as coffee—a teaspoonful to a cup. Therefore it really costs only half as much as coffee.

If your grocer cannot supply you, write us, mentioning his name, and we will send you a generous sample package of Fitch's GRAINS OF HEALTH (enough to serve a large family at breakfast) and a booklet telling you all about Fitch's GRAINS OF HEALTH. Enclose 6 cents in stamps for postage.

IT'S HEALTHIFIED!

SOCIETY

The County Union of The King's Daughters held a very interesting meeting Monday evening with Mrs. William Zentmeyer of West Main street. Plans were formed for the County convention which is to be held in Newark the last of March.

The annual election of officers resulted as follows: Chairman, Miss Clara McDonald; recording secretary, Miss Blanche Horton of Granville; treasurer, Miss Kitty Suter; secretary, Miss Elizabeth Felix.

Mrs. Milton Downey of East Main street will entertain this week on the club day, the Wednesday Afternoon Euchre club.

Miss Scott of Newark, who is a member of Miss Porter's house party, was complimented Saturday evening with a little dinner of handsome appointments, with covers for 14, and 4 in the afternoon with a card party, at which bridge was played at five tables. Among the out-of-town guests at the afternoon affair were Mrs. C. Pearce Ballard and Mrs. Garry Spragg of Washington, C. H., and Mrs. Brouse of Akron. Archdeacon Dodson of Columbus, who was Miss Porter's guest at the theatre party Friday evening, has returned to his home—Zanesville Times-Recorder.

HILL-BREMIGEM

Married, December 25 at Trinity Episcopal church, Detroit, Mich., by Rev. W. Warner Wilson, Mr. Clarence A. Hill and Mary Bremigem.

The beautiful and impressive ring service was used, and they were attended by Mr. J. Harrison Isles and sister, Miss Isabella, of Keyser, West Virginia. The ceremony was witnessed by a few intimate friends. The bride is the daughter of Mr. and Mrs. Frank C. Bremigem, is a graduate of Newark High school, class of 1908, and has also been for several years a member of Trinity choir. Mr. Hill is the son of Mr. and Mrs. Henry Hill of Granville, and has for some time been a valued employee of Mr. Charles Ankele of South Second street. Mr. and Mrs. Hill will reside for the present in Granger street, Granville.

The bride was formerly a book-keeper at the meat market of Dupler & Cunningham in Second street.

The annual play of the Monday Talks was given on the club night at the home of Mrs. J. A. Mitchell in Hudson avenue. The play was under the direction of Miss Florence King and was "How the Vote Was Won." It was written by Cicely Hamilton and Christopher St. John.

\$100 REWARD, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

HEART AND HOME TALKS BY BARBARA BOYD

Taking Spring Fever by the Forelock.

IT is none too early to begin marshalling our forces against that foe to all pleasure in life, spring fever. Once spring fever gets us in its grip, life isn't worth living. The loveliest season of the year finds us inert and apathetic, and the duties that press seem greater burdens than we can bear.

Unless we keep our physical condition up to the mark all the time, which of course we should do, but don't, we are pretty apt to have a touch of spring fever. We have been living at a tension during the winter, crowding our days and our nights over full of work and play. We have eaten rich, heavy foods. We have not had a sufficient quantity either of fresh air or exercise. All this fills the body with poisons of various kinds, which, with the first relaxing days of spring, show in the form of a general feeling of lassitude and depression, a lack of both desire and strength to work, even perhaps in eruptions on the face or other parts of the body, by which the system seeks to throw off the undesirable elements in the blood. We all know spring fever. Some believe that, like mumps and measles, it is a dispensation of providence that must be endured with resignation. But all this is nonsense. We no more need to have spring fever than with a cityful of good dentists, we need to have a toothache. We have spring fever because we prepare the house and make it welcome, or because we fail to bar the doors and windows when we know it is coming down the street.

And now is the time to prepare to shut it out. The beginning should be made with the diet. We should start to lighten the character of our food. If meat is an important part of our menu, the quantity should be lessened. Either less should be eaten at each meal, or it should be eaten once a day. Pork and sausage and fried meats should be entirely dispensed with, if possible. So also should rich gravies, pastries, rich puddings, and food of this character. Or if not given up altogether, they should be eaten sparingly. Fruit and fresh, crisp salad should be a regular article of the diet. The more fruit and the more salads eaten, the surer will be the rout of spring fever.

As spring days come on, a diet of this kind is more easily digested, and hence better assimilated. The blood is thus properly enriched, and there is no undigested, unassimilated matter in the stomach and intestines to set up fermentation and create poisons.

Then, the blood needs oxygen to burn up impurities that have been collecting. Most important is it to get out of doors, and to work and sleep in well ventilated rooms. Lack of sufficient oxygen fills the blood, the lungs and other organs, with all sorts of impurities, and these need to be cleaned out. Nothing will do this like plenty of oxygen. So give yourself fresh air in abundance.

If you have been rushing and overworking during the winter, the nerves need rest and quiet. A little trip somewhere absolutely to rest will be helpful. But if this is not possible a few minutes a day spent in perfect quiet and relaxation will bring a measureful of recuperation in return.

And since in these little ways one can put to rout this kill-joy of spring days, why not do it?

Why should one suffer from this miserable feeling that makes work positive torture when by a few simple precautions it can be avoided? And unless you do these things this pessimistic harbinger of spring will soon be duffing all joy of life in your veins.

A WOMAN IS AS OLD AS SHE LOOKS

Thousands of women owe their youthful appearance to Newbro's Herpicide. No matter what may be her age, a woman with a nice head of hair, hair that is soft, glossy and fluffy, always looks younger than she is.

Herpicide makes the hair beautiful with that sheen and shimmer which is so attractive and always indicates a healthy, natural growth. It keeps the scalp free from dandruff and the hair from falling out.

There are remedies said to be "just as good," but Herpicide is the genuine original dandruff germ destroyer.

One dollar size bottles sold under a guarantee by leading druggists everywhere.

Recommended and applications made by the best barbers and hair dressers. Send 10c in postage for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

SALADS FOR THE WINTER

Cook Should Save Cold Vegetables to Use in Italian and Russian Combinations.

The salad has now come to have so important a place on the luncheon or dinner table that the housekeeper whose weekly resources are not elastic is sorely wondering what to do in this direction. For the present there is a valuable standby in the tomato, which is one of the few things available at even less than normal rates, and celery is beginning to arrive. But she will have to enlarge her views as to what is admissible for winter salads. Also she must impress upon her cook to keep every bit of cold vegetables to incorporate into the various combinations designated Italian, Russian, or a la jardiniere. If she is wise she will learn how to make a potato salad, which involves more art than is often imagined, and she will realize that this invaluable tuber can be used also with beetroot and celery when served with a well-prepared dressing.

GOOD HINTS ABOUT PASTRY

Hands, Utensils and Ingredients Should All Be Kept Cold or Pastry Becomes Heavy.

When making pastry it should always be made in a cool place if possible. The hands, utensils and ingredients should all be kept cold or the pastry becomes heavy. Always rub in the shortening with the tips of the fingers, as they are cooler than the rest of the hand. When adding the water do it slowly and carefully so as to avoid making the pastry too dry or too moist. If too dry it will be chippy and if too wet it will be heavy and sodden. Handle it as little as possible and use the rolling pin lightly and as seldom as possible. If baked in a very hot oven it will expand and thus become light. It can be made several hours before it is needed if left standing in a cool place.

CURIOUS BITS OF HISTORY

THE DIGGERS.

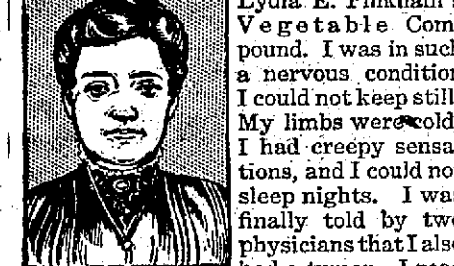

By A. W. MACY.
In the years 1649-50 there arose a strange party in England called the Diggers. They might be seen in large numbers in some localities, diligently digging up and cultivating the waste lands and out-of-the-way places. They objected to the land being held by a few proud, covetous men, "to bag and barn up the treasures of the earth from others." Yet, as one of their leaders said, "they intended to meddle only with what was common and untitled, and to make it fruitful for the use of man." Gerrard Winstanley, their chief leader, urged that the nation should be settled on the common or waste lands, and that in this way the country would yield much larger crops, the hungry be fed, and times be made better for everybody. The diggers were very peaceable people, and not at all disposed to make trouble, but the movement was suppressed by the authorities.

MRS. GREATON'S AWFUL EXPERIENCE

During Change of Life—How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter."—MRS. MARION SWEET GREATON, No. 1 Jefferson St., Natick, Mass.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

CONSIDERING JUDGES FOR SCHOOL DEBATE

The judges for the inter-high school debate which is to be held in Newark on March 8, have not been chosen, but the committee in charge is considering a list of names and the selection of the judges will be announced in a short time.

The local high school is represented by two teams, one debating in the affirmative and the other in the negative. The question for discussion is:

REVIEW CLUB PLANS CIVIC IMPROVEMENT

Resolved, That each state should enact laws establishing compulsory arbitration in labor disputes, constitutionally granted. The affirmative team, composed of Frederick Chase, Harry Walker, Gail Keechley and Harry Grove as alternates, will debate in Newark, having Zanesville as an opponent, while the negative team of Walter Orr, Dorothy Kramer, Ralph Porter and Grey Swingle as alternate, will go to Mt. Vernon to discuss the question with a team representing the high school of that city.

The Review club of this city has on its program this year various civic topics. The discussions on these subjects have led the club to take special interest in the present sanitary condition in Newark. In view of the typhoid epidemic and the fact that much filth has accumulated in various parts of town during the severe winter, which will be a great menace to the city's health this spring, it has been proposed to ask all organizations—of whatever kind, literary, social, church or benefit, associations—to send a committee of two each, to meet at the Public Library Friday afternoon, February 23, at 3:30. The purpose of such a meeting is to formulate plans for Civic Centers or clubs, in different parts of the city, such clubs to be formed for the purpose of assisting the health officer and the Board of Trade in establishing an effective system of cleaning and improving the city.

In many places Civic Centers are being formed with the school house as a meeting place. This could well be done in North, East, South and West sections of Newark. If all good citizens, men and women, will take an interest in it, much good can be done, not only in the present but in the future making all sections clean, healthful, attractive and beautiful and so increase not only the material value of property, but the moral tone of the community.

All societies of whatever kind, are earnestly asked to co-operate and send representatives to the above meeting.

Daddy's Bedtime Story

Clever Buster, the
Candy Loving
Little Dog

Buster Had Taken
His Share of the
Chocolates.

THE children had said: "Tell us a dog story tonight. We haven't had one for a good while."

"Gracie and Jessie are very fond of their dog Buster," began daddy, sitting down beside Jack and Evelyn.

"Buster was a black and white dog, more white than black, and he had lived with them since he was a puppy."

"I really couldn't say just what kind of dog Buster was. I'm sure he hadn't a drop of aristocratic blood, but Jessie and Gracie would not have liked you to say this. They loved Buster very much and had spent a good deal of time in teaching him how to behave."

"Buster had one trick, however, which neither Jessie nor Gracie had taught him. Buster liked candy, and of all kinds he loved chocolate creams best."

"Jessie and Gracie were always ready to divide their sweets with Buster, and no matter in what part of the house he might be if Buster heard paper rattling as if a bag was being opened or a box unwrapped he would come trotting in to see what was in it."

"If candy was there he would sit down in front of whoever had it and wait patiently to get his share. Half or a little more than half was Buster's idea of what his share ought to be, but he would not leave as long as any one had any candy to be divided."

"One day Aunt Kittie came to visit at Jessie and Gracie's house. She went out shopping and bought a nice box of chocolates as a surprise for the children. When she opened the box she was alone in the parlor. She wanted the candy to be a surprise to the little girls and left it on the low table where Jessie and Gracie would see it as soon as they came in from school."

"Buster had come into the room and watched her reproachfully, but Aunt Kittie did not know of his love for candy and did not understand his hints that a share of it belonged to him."

"Soon Jessie and Gracie came in from school, and what do you think they saw in the parlor? Buster sitting up on the table helping himself to chocolates."

"When he saw them he jumped down, wagging his tail as much as to say: 'You see, I have been quite fair about it. I've only taken my half of the chocolates. You are quite welcome to your share now.'"

"And, although Aunt Kittie looked quite shocked when she saw Buster jumping off the table, she laughed heartily when it was explained to her that Buster had only been taking what he had learned to think belonged to him."

TOO MUCH CHARITY.
There is infinitely more of so called charity today than ought to be needful in a self determining democracy. Too much of charity is a vain attempt to repair the ravages wrought by injustice. No charity reports can banish the fact that charity at best but makes good the inadequacy which has been brought about by insufficiency of income. Charity does not and cannot save in the rarest instances, do more than temporarily restore the social equilibrium that has been disturbed.—Rabbit Wise.

WHAT'S THE REASON?
Many Newark People in Poor Health Without Knowing the Cause.
There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache, suffer from nervousness, dizziness, weakness, languor and depression. Likely the kidneys have fallen behind in their work of filtering the blood and that is the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no better remedy than Doan's Kidney Pills—endorsed by over one hundred thousand people, and by your neighbors in Newark.
Orange Barrett, 5 Livingston ave., Newark, Ohio, says: "My experience with Doan's Kidney Pills has been such that I do not hesitate to recommend them. For some time I had suffered from irregular kidney action, the kidney secretions contained sediment and my back ached. Finally I saw Doan's Kidney Pills advertised and got a supply at A. F. Crayton & Co.'s Drug Store. Their use brought me entire relief."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

MARCH AMERICAN MAGAZINE
The March American Magazine contains the first authentic report published in this country of certain highly important discoveries in a London laboratory as to the relative strength of mind and physical. Of the younger children of a family, as compared with the older children. After examining thousands of cases, the evidence seems to be that the first two children in a family are not, in the majority of cases, as strong mentally as physically as those that come later.
The point for American readers of course is that economic pressure, which increases the cost of living, reduces the size of families and weakens the mental and physical strength of a nation.
There are many other important articles in the March American. For example, Stewart Edward White's story of a lion hunt; Julian Leavitt's investigation of American prisons, in which he reveals the practice of "breeding of brutalities"; Ida M. Tarbell's paper on "The Business of Being a Woman"; La Follette's Autobiography; and Hugh S. Fullerton's amusing and yet informing article on "Eating."
Splendid fiction is furnished by Edna Ferber, James Oppenheim, C. S. Raymond, Edith Ronald Mirrieles and H. G. Wells.

WHAT IS A KILOWATT-HOUR?

The kilowatt-hour is the unit of electric energy, or the measure by which practically all electricity is now sold in this country. It will not be attempted to give a technical definition of the Kilowatt-hour, as such a definition would be useless to the average reader, but it will be endeavored to convey to the reader some idea of how much electricity a kilowatt-hour represents.

The word is made up of three words, namely: kilo, watt and hour. Kilo is the Greek word meaning thousand, and is sometimes used in the English language to express one thousand, as it is much shorter. Thus: A kilogram is 1000 grams. Likewise a kilowatt is 1000 watts.

The watt is the unit of electric power, and as we see from the above paragraph, is one thousandth of a kilowatt and the best way to give the reader a clear idea of how much electric power this will be to tell how many watts are required to operate certain familiar pieces of electrical apparatus in common use.

To light to full candle power the average 16 candle power lamp requires about 56 watts per hour, an 8 candle power requires about 30 watts per hour, a 32 candle power requires about 112 watts per hour.

In speaking of the number of watts required to operate a certain piece of apparatus, it is usually stated that the apparatus consumes so many watts, thus; a 16 candle power consumes 56 watts in one hour.

HEALTH, COMFORT AND ECONOMY

When Electric Light is Used.

We should be glad that this is an age of light and cheerfulness. That we are taught to open our doors and windows and "let the sunshine in," because whatever we are doing we can do better in the light; we feel better in the light and are better in the light. If we sit down to sew in the morning we sit down to sew in the light so that we can really sew and save time, eyesight, spirit—all of which we would waste if we had not a good light. When we sit down to our midday meal, we want the blinds up, for cheerfulness is a wonderful aid to appetite and digestion. If we have callers in the afternoon we take them into a cheerful room, for we want to be bright and sociable.

Now we do any of these things at night. We have twenty-four hours in a day and sleep less than eight, so that especially in the winter time, when we have more dark than daylight, we work, sew, read, eat, entertain and do numberless other things without daylight to help us.

Now we must make use of the knowledge which comes of understanding. We must provide ourselves with artificial light that will enable us to really live during these working or playing hours. It has not been 30 years since electric light was made practical, but it has certainly made possible wonderful things in household lighting. During this time it has been developed from the old style carbon lamp giving a yellowish light and using 100 watts of electricity for 16-candle-power of light into the new Mazda electric lamp giving light like daylight and using just 20 watts of electric current for 16-candle-power of light.

This of course means that electric light, besides being the most convenient light imaginable, makes it possible for us to carry out theories of good light, good health, good work into practice at all times, for if we are getting electric light for one-fifth the cost at which it was first produced 30 years ago, we have a blessing at our doors which should not be disregarded.

NEW ELECTRIC SIGNS.

C. A. McNeal the well-known electric sign man has just placed signs at the Frad and Bader Cafes. The Frad sign has a whirling border and is the first of its kind in Newark.

ELECTRIC LIGHT MARKS CENTER
A manufacturing company of Bloomington, Ind., upon whose grounds the center of population is located, according to the last census, has erected to mark the spot a steel flagstaff 75 feet high, upon the end of which is mounted a 120-candle power electric lamp. An electric sign will flash the story at night to those who pass.

Largest Shipment of Electric Motors Ever Consigned to Newark.

Probably the largest shipment of electric motors ever consigned to Newark have been received by the Ramey Mfg. Co., of Franklin St. the Vacuum Cleaner manufacturers. These motors are the G E. type, 1-20 h. p. the very best made and costing over \$11,000. These small motors are to be used in the manufacture of their famous Duplex Electric Vacuum Cleaner, of which they are having quite an extensive sale.

An Irishman, who had returned from a visit to the old country, was telling a friend of the sights that had impressed him.

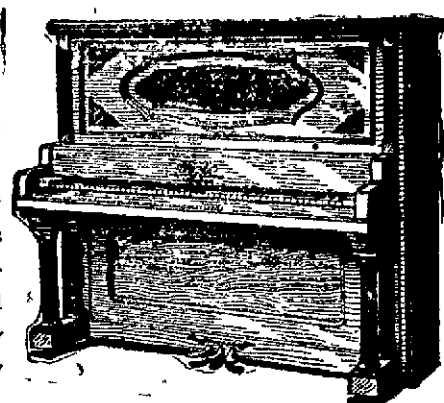

"But the funniest of all is their little tellyphone," he said. "Tis a quare little insthument that ye put up to your face, wan end to your ear and wan to your mouth; and then ye say, 'Are you there?' and the fellow at the other end answers yes or no—as the case may be."

ELECTRICITY IN THE GARAGE.

No automobile garage is modern or safe without electricity. Electric automobiles are becoming more and more popular and every garage should have a battery charging outfit. Electricity saves money in the driving of repair machinery and saves time in the operation of a tire inflator. Electric light removes the element of danger which is present with any other form of illuminant. Fire risk is eliminated and insurance rates are lessened.

"You should have one of those bed room telephones," said the agent. "No thank you," replied the housewife. "Neither my husband nor I talk in our sleep."

Electric Signs Consult McNeal

The Sign of Progress

Every man in Newark who is in a position to know conditions says that this coming year will be one of the greatest in the history of the city for business.

More people will come here to live and there will be more visitors than ever before.

Naturally every business will have more opportunity than ever before to increase its patronage.

To obtain real results, real efforts must be exerted.

This means advertising and other up-to-date means for getting business.

The Electric Sign

With all the many arguments that can be advanced in favor of the ELECTRIC SIGN as a direct advertising medium none can be more telling than the fact that this form of publicity has brought results exceedingly satisfactory in view of the small cost.

The impression left upon the mind by an ELECTRIC SIGN is one of the most pleasing and lasting forms of advertising known.

Can you afford to be without THE ELECTRIC SIGN? Stop wasting your opportunities and help both yourself and your city by erecting a sign that will be a credit to both you and Newark.

The Licking Light & Power Company

Why not have your house wired for Electric Lighting the same time you do your spring cleaning? It can be done very easily and at no more inconvenience to you. Estimates Cheerfully Furnished

MRS. SINCLAIR HAS ANOTHER "SOUL MATE"

New York, Feb. 20.—Mrs. Upton Sinclair has deserted Harry Kemp, the Kansas poet, for another "soulmate." She broke the news to Kemp yesterday when he came from his New Jersey bungalow to call on her at the home of her father, W. M. Fuller, where she has been staying since December 28, when she tired of life in the Kemp bungalow.

The poet called Mrs. Sinclair on the telephone to tell her that he had finished a play and was going to see some publishers in regard to a book of poems and wanted to talk it over with her.

"No," came the answer. "I can never see you again."

"But why?" asked the astonished poet. "I thought ours was to be an ideal romance."

"Ideals, Harry," she said, "have to be nurtured by wholesome food and warm clothing and a house that keeps out the rain. And you told me that if I ever found a man I loved more than you you would not keep me from going to him. You said Upton was inconsistent when he objected to my leaving him for you."

"Then there is another?" Kemp asked.

"Yes."

"All right, all right," he said. "Of course, that's what we believed—that you should be free to go whenever you chose—but—" the tears streamed down his cheeks—"I didn't think you ever would choose to go."

The painful conversation ended, Kemp, who was telephoning from a friend's room, sank into a chair.

"Poor Upton, poor Upton," he groaned. "Now I know how he felt when Meta went away with me. Now I know that Upton was my best friend. He warned me."

Sinclair is abroad with his ten-year-old son David. Kemp will stay in New York for the present. He hopes to go abroad in a month or two. He will work his way across and may see Sinclair in Europe.

R. F. D. Carriers Are Eligible to Transfer

Rural carriers in the postoffice service can now be transferred to city carriers by an order of the postmaster-general which has just been announced. This will be good news to the hundreds of rural carriers throughout the state.

The civil service rules have been amended so that by taking the regular carriers' examination the rural carriers can be transferred to the work of the city carriers. This, it is thought will raise the standard of the rural carriers by increasing competition for the rural carrier positions. The physical condition of the applicants will be considered. Heretofore the rural carriers could not be transferred to the city carrier service.

LIST OF MEMBERS WILL BE PRINTED TOMORROW FEB. 21

Board of Trade Now Has Enrollment of 749 and is Still Growing Very Rapidly.

Tomorrow's Newark papers will contain a list of members of the Board of Trade. The list will be arranged in alphabetical order, so that one may quickly find his own or any other name.

Several additional members were received Tuesday morning and others are expected. All names received up to noon Wednesday, Feb. 21, will be included in the published list.

Up to yesterday noon the membership numbered 740. 3-Channing M. Thompson, T. D. Keyes, J. O. Britt, Rev. J. A. Bennett, Charles W. Fuller, Councilman Joseph Stasel, Capt. F. G. Steele, Squire Geo. W. Horton and Ed. Gilbert, have since sent in their memberships, making a total of 749 to date. Mr. Gilbert is a representative of the Glass Bottle Blowers and is that labor organization's representative on the Board of Trade. The Printers' organization has a representative on the Board, while Labor is also represented on the Board of Directors by William M. Morgan.

The list published tomorrow will show that every shade of political and religious belief, every section of the city, capital and labor, mechanics, doctors, lawyers, preachers, dentists, business men, judges, city and county officials, bankers, bakers—men of every station are represented on the Board of Trade. It is the one organization in which all men, no matter how they may differ in other matters, can unite. The sole object of the Board of Trade is to boost Newark—to make the city bigger and better—to promote the interests of the town so as to stimulate business, develop the city, making it a better place in which to live.

If you are not one of Newark's 750 join the organization now. Send your name in before noon tomorrow, if possible, and get in the published list. The Board of Trade stands for Greater Newark.

Today cards are going to members calling attention to a meeting of the entire Board on Feb. 29, at 6 p. m. Members are urged to mail the return card at once and to use the space provided for that purpose in making one or more suggestions to the program committee. The 1912 program will be arranged in accordance with the expressed wishes of the majority of members. Names added to the list since yesterday:

Thompson, C. M. Keyes, T. D. Bennett, J. A. Gilbert, Ed. Fuller, Chas. W. Britt, J. O. Stasel, Jos. Horton, Geo. W. Steele, F. G.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skilled chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, flaking, itching scalp, and falling hair. Get a fifty-cent bottle from your druggist today and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Frank D. Hall, 19 North Side Square.

SUPT. HAWKINS TALKS TO M. E. BROTHERHOOD

The Brotherhood of the First Methodist church met in adjourned session Monday evening in the guild room of the church to listen to an address by Supt. Wilson Hawkins of the city schools. There was not as large an attendance as was desired, but those present were well repaid, as the address was one of a high order, covering a great deal of ground, and was delivered in a forcible manner.

The subject of the address was "Education and Citizenship." The speaker began by drawing attention to those portions of our country that have given much attention to education, showing how the foremost of them have been more efficient, have done more for mankind and have had fewer lawless uprisings.

Mr. Hawkins showed, also, what a tremendous part education has played in this country, in enabling our forefathers to frame the Declaration of Independence; how those who were most prominent in formulating it were among the first to receive their education in schools founded when the country was established. The speaker believed that education such as is given in the schools and churches of this country will be the means of solving the great problems before us; that one of our greatest problems is that of moral citizenship, and that it should be the aim of all teachers to develop those traits that tend to make strong, moral characters, rather than highly trained intellects only.

The address was thoroughly enjoyed, and the Brotherhood hopes at some future date to again have the privilege of hearing Supt. Hawkins.

DEMOCRATS CHEER NAME OF CLARK AT JOPLIN MEETING

Joplin, Mo., Feb. 20.—Democrats in the state convention today cheered wildly when Chairman Shannon said, "We can lick Roosevelt as easily as Republicans say we can." Later when Speaker Champ Clark was named by Temporary Chairman Garber to be "our intrepid leader" who suffered many things to elevate the existence of the democratic party and ending around the Republican party, the convention went into an uproar of applause which lasted several minutes.

BURGLAR FIRES AT OFFICER AS HE NEARS PRISON

Trenton, N. J., Feb. 20.—Frank Tilly of Patterson, a burglar, while being brought to the state prison to serve five years, fired six shots just as he reached the prison. Tilly was handcuffed to another prisoner, who, when the shots were fired, tried to break away, causing all the shots to go wild. The constable knocked him down and dragged him into the prison.

Why Should I Use Cuticura Soap?

"There is nothing the matter with my skin, and I thought Cuticura Soap was only for skin troubles." True, it is for skin troubles, but its great mission is to prevent skin troubles. For more than a generation its delicate emollient and prophylactic properties have rendered it the standard for this purpose, while its extreme purity and refreshing fragrance give to it all the advantages of the best of toilet soaps. It is also invaluable in keeping the hands soft and white, the hair live and glossy, and the scalp free from dandruff and irritation.

While its first cost is a few cents more than that of ordinary toilet soaps, it is prepared with such care and of such materials, that it wears to a wafer, often outlasting several cakes of other soap, and making its use, in practice, most economical. Cuticura Soap is sold by druggists and dealers everywhere, but the truth of these claims may be demonstrated without cost by sending to "Cuticura," Dept. M, Boston, for a liberal sample cake, together with a thirty-two-page book on the skin and hair.

TERRIBLE ECZEMA AFFLICTS MANY FOR YEARS.

Try This Remedy At Our Risk.

People whom you would not suspect of having any skin trouble, often suffer torture from eczema on the arms or thighs and scratch all their lives, thinking their case incurable.

To all such we want to say that our new remedy, Saxon Salve, is worthy of the greatest confidence in all eruptions and crusts or scaly disorders of the skin. It soothes the skin and quiets the itching from the very first application.

It also exerts such a powerful healing influence because it is readily absorbed, and permeates every fiber of the diseased tissue, that it clears away the eruption and restores the skin to its former healthy condition. You see improvement in a few days.

There is no chance for disappointment, for if Saxon Salve does not satisfy you, you get your money back. F. D. Hall, druggist, Newark, Ohio.

LOCAL CORPS SALVATION ARMY TO BE INSPECTED

The local corps of the Salvation Army will be favored by a visit from the Young Peoples Secretary for Ohio, Kentucky and Southern provinces this evening. Staff Captain A. E. Wedgery of Cleveland will conduct a special meeting at the Texas school building at 7:30. He is a veteran in point of years of service though yet a young man. He was born in the Army in the West Indies where his parents were pioneer officers, coming to this country when he was small, and growing up in Army ranks he may be said to be a genuine Salvationist. He now has the special care of young peoples' work in this province. He is an interesting speaker and able musician, both instrumental and vocal. While in the city he will make an inspection of work of the local corps.

U. V. L. PLANS ENTERTAINMENT FOR FEB. 22

A Washington birthday entertainment will be given at Memorial hall, February 22, under the auspices of the U. V. L. Supper 6:30 to 8 p. m., followed with an address by Col. J. L. Wily of Granville and Rev. J. A. Bennett of Newark. Music will be furnished by an orchestra composed of Howard Jackson, violinist; Marie Gamberdinger, pianist; George Risher, cornet; Lee Risher, bass viol; Lawrence Clark, drummer. The program will be interspersed with songs and solos. The entertainment is free. The proceeds from the supper will be used for the purchase of a flag for the U. V. L. Encampment, No. 31.

DON'T INVITE SICKNESS

Thin Blood Is a Standing Invitation to Every Disease That Is Prevalent.

Thin, impure blood is an invitation to sickness. The blood is at work, day and night, to maintain the health and any lack of strength or purity in the blood is a weakness in the defense against disease. Anemia is the doctor's name for lack of blood. There may be an actual loss in the quantity of blood or one or more of its constituents may be lacking. Its surest symptom is pallor. Anemia is particularly common in young girls from 14 to 17 years of age. It is not confined to them for it is this same lack of blood that prevents full recovery after the grip, fevers, malaria and operations and is present in old age and in persons who have been under an unusual physical or mental strain.

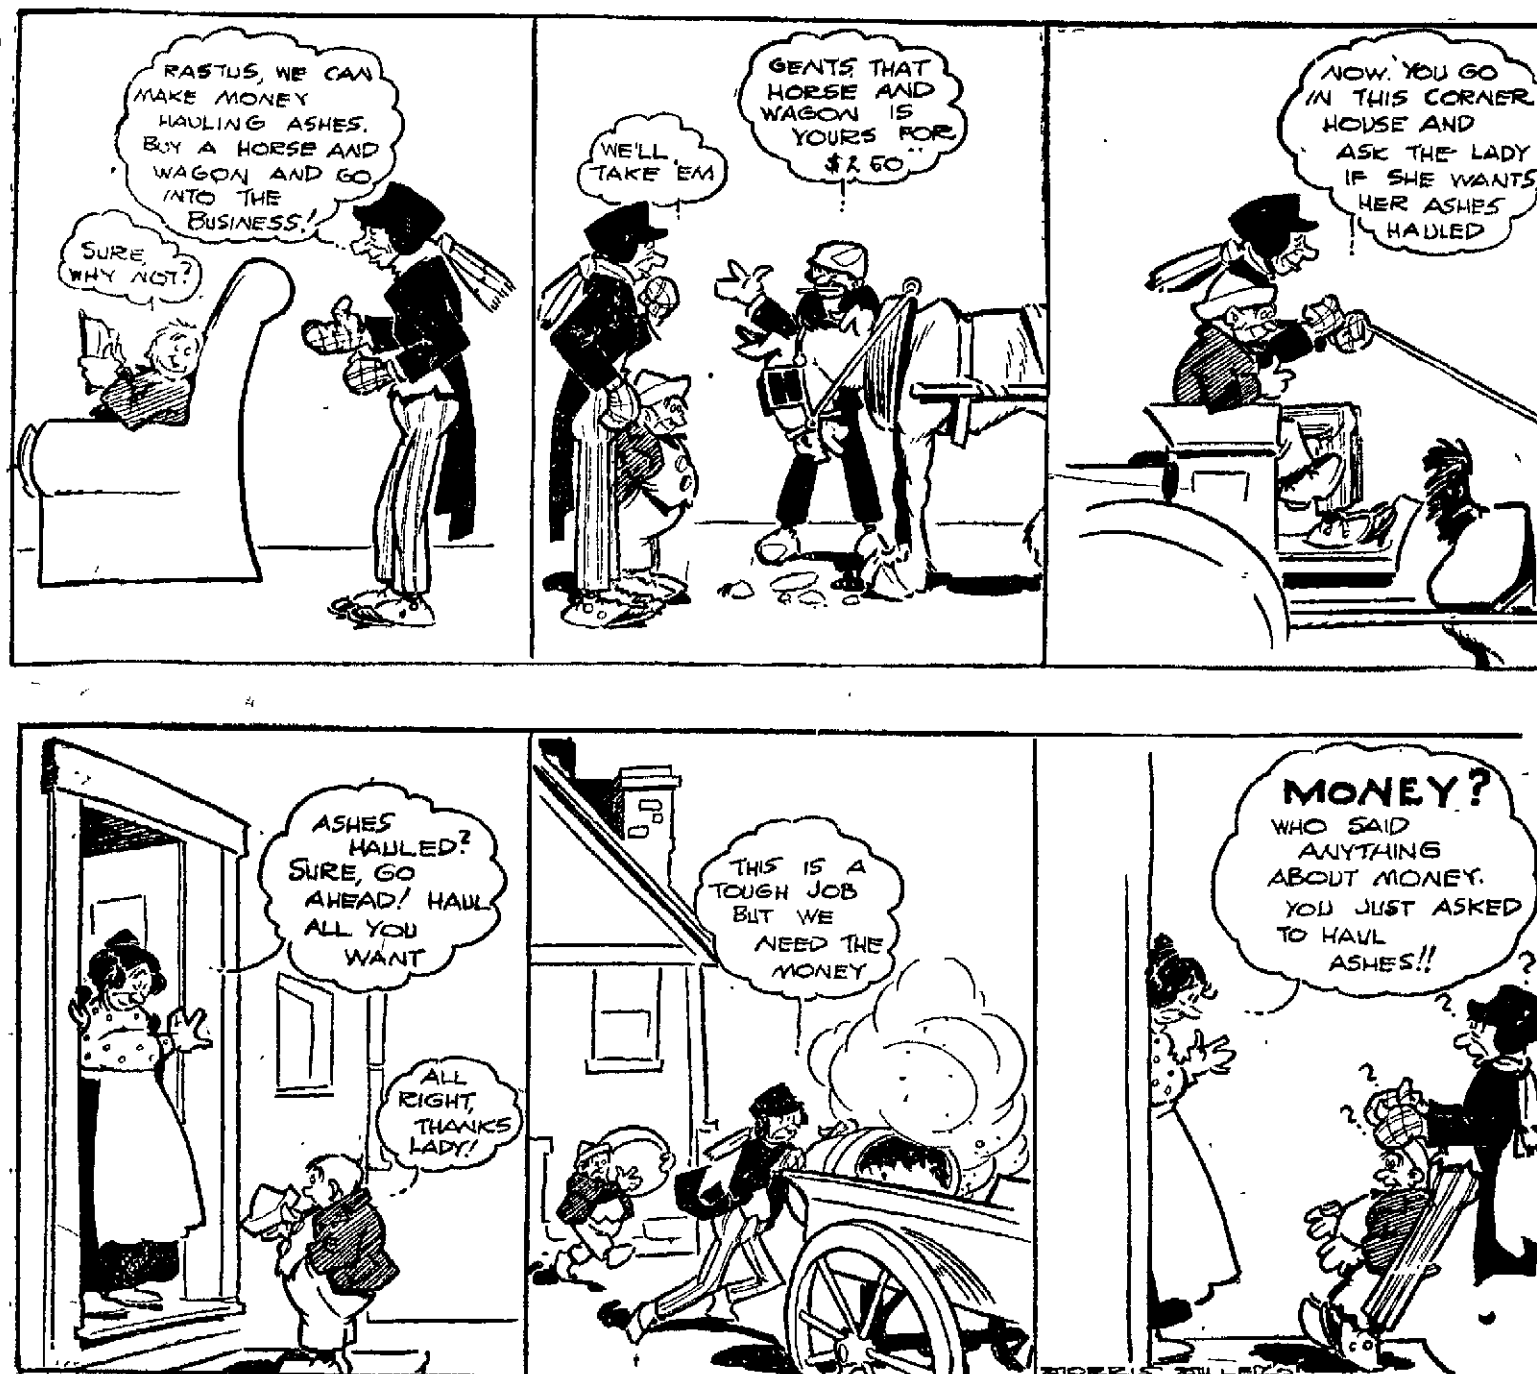

If you are suffering from anemia you can profit by the experience of Mrs. H. J. Albert, of No. 3244 Glenora avenue, Cincinnati, Ohio, who says: "I was in a terrible condition, all run down, nervous and hysterical some years ago. I had no appetite and was troubled with gas on the stomach. I was almost a skeleton and weighed only 106 pounds. I had no desire to live. I couldn't sleep well, was pale and sallow and there was no color in my lips at all. There seemed to be a pressure on the top of my head. I had palpitation of the heart and was short of breath on going up stairs or upon the least exertion. I doctored incessantly and was told that I lacked blood. The doctor gave me tonic after tonic and advised me to take plenty of exercise and fresh air. He finally said he could do nothing for me. I felt very much discouraged. One day I came across a pamphlet in which I learned about Dr. Williams' Pink Pills for Pale People. After taking four boxes I felt much better, in fact like a new person. I felt cheerful and happy. I began to take on flesh. I took twelve boxes and the change in me was something marvelous. I looked the picture of health. I think Dr. Williams' Pink Pills for Pale People are the greatest medicine for a general breakdown of the system."

Send for free booklet, "Diseases of the Blood."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y.

Hauling Ashes, Like Virtue, Apparently is its Own Reward

By MORRIS MILLER

CONVENTION

(Continued from Page 1.)
voted down by 67 to 44. The vote last night was taken under closure, after two hours of debate which followed the general drift of the previous discussions.
The Lamson proposal as amended was supported by these delegates: Anderson, Beatty, of Morrow, Beyer, Brattain, Brown of Highland, Brown of Lucas, Cassidy, Collett, Colton, Crosser, Cunningham, Doty, Dunlap, Eby, Elson, Fackler, Fess, Fox, Hall, Hill, Harris of Ashkshila, Harris of Hamilton, Harter of Huron, Harter of Stark, Henderson, Hoffman, Holtz, Johnson of Madison, Kerr, King, Kilpatrick, Knight of Franklin, Kramer, Lambert, Lamson, Leete, Longstreth, Ludy, Malin, Marriott, Matthews, McClelland, Miller of Crawford, Miller of Fairfield, Miller of Ottawa, Nye, Okey, Peck, Peters of Franklin, Pettit, Price, Read, Redington, Riley, Rockel, Roehm, Rorick, Shaw, Smith of Cuyahoga, Stannum, Stewart, Stillwell, Stokes, Taggart, Tetlow, Tannehill, Ulmer, Walker, Weybrecht, Winn, Wise, Worthington.

List of those opposed:
Noes were Antrim, Baum, Beatty of Wood, Bowdle, Brown of Pike, Cody, Cordes, Crotes, Fazio, De Freese, Donahue, Dunn, Dwyer, Eby, Evans, Farnsworth, Farrell, Fitzsimmons, Fluke, Hahn, Halenkamp, Harbarger of Franklin, Hoskins, Hursh, Johnson of Williams, Jones, Kehoe, Keller, Kunkle, Leslie, Marshall, Mauck, Moore, Partington, Pierce, Smith of Hamilton, Soletier, Stallor, Thomas, Watson.

Absent or not voting were Campbell, Norris, Shaffer, Wagner, Woods and President Bigelow.

There were a couple of surprises in the roll call. Mr. Bowdle, who made a speech in favor of the Lamson proposal, as introduced, voted no, while Mr. McClelland, who declared against the issue of bonds, voted to give the legislature authority to issue them. Many members from small counties voted no, while big county delegates, who will be taxed most heavily for better roads, favored the proposal. Its adoption makes the second thing the convention has actually accomplished in six weeks of session. The first was the amendment of the present constitutional provision which requires unanimous juries in all cases and giving the general assembly the right to authorize verdicts by three-fourths of a jury in civil cases.

This morning the liquor license debate opened. Technically, Delegate Anderson has the right of way with his proposal, No. 151, which is supposed to be the official Anti-Saloon League plan to retain the present constitutional provision and preserve inviolate the right to pass any sort of regulatory measures.

Really the whole liquor license is to be opened up. If the vote comes at the end of two weeks' debate, delegates think themselves lucky. The license and anti-license advocates have big lobbies on the scene.
Last night's debate on the Lamson roads proposal was spirited. Mr. Jones of Fayette said the sentiment which seemed to prevail for the proposal was not genuine but was manufactured. He said a telegram was sent to Dr. Fess by E. S. Kelly, a Springfield automobile manufacturer. This, he declared, was an evidence of the special interest advocacy of the measure.

Mr. Harsh of Hardin saw in bonds the foundation of privilege, and his sentiments were echoed by Messrs. Hahn and Fitzsimmons of Cuyahoga. Both men pleaded that the state be left debt free and declared that bonds meant bondage for generations to come.

Mr. Fackler of Cuyahoga pleaded

Cause of Eczema Now Explained

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Salves have been tried but have been proven worthless, for they only close the pores and fail utterly to remove the real cause of the disease.
These germs can be destroyed only by a wash, and unless this is promptly done, they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.
Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D.D.D. Prescription for Eczema.

Frank D. Hall, Druggist, North Park Place, Newark, Ohio.

for the adoption of the proposal. He branded the bonds and bondage talk as unworthy of serious consideration, and said the high interest cry was merely a bugaboo. He challenged the sincerity of delegates who declared for good roads and yet opposed the only system by which they might be built by the state.

Amid scenes of confusion, the previous question was demanded and the debate was ordered closed, but delegates still persisted in asking questions. Roll calls stopped them.
Mr. Lamson was congratulated on his successful generalship in whipping the proposal into the shape that nearly two-thirds of the convention could agree on. Superintendent Alsdorf and Secretary Jesse Taylor of the Ohio Good Roads Federation, who witnessed the fight, declared the state has made the beginning of a real good roads policy.

Delegate Dunn of Clermont yesterday jumped into the arena as an aspirant for honors in the contest for sponsorship of greatest number of proposals. He introduced eight, authorizing creation of a commission to investigate "wildcat schemes;" division of counties into magisterial districts; nonpartisan election of township and county tickets, and nomination by petition only; graded income tax; creation of an old-age pension system for natives of state 50 years old or residents for 21 years; pensions for poor; pension for home guards during civil war—also known as the squirrel hunters.

Mr. Harbarger of Franklin introduced proposals for removal of the tax exemption from public bonds and exemption of amount of mortgage indebtedness.

Mr. Fitzsimmons of Cuyahoga introduced the Cleveland home rule cities plan.
Mr. Doty introduced a proposal to allow municipalities to acquire lands for future use. Power of the supreme court to declare legislative enactments unconstitutional is curtailed under a proposal introduced by Mr. Hoffman.

Under two proposals by Mr. Bowdle, indictments are to be simple in form and the prosecution may comment on

THE ELKS' SHOW STOPS COUNCIL MEETING MONDAY

Nothing like a minstrel show to clog the wheels of the city's legislative machine. The city dads couldn't bear the thought of sitting in the council chamber while the Elks were getting off their funny jokes across the square in the Auditorium.
The proceedings Monday night got no further than the usual roll call, for Councilman Muenz moved to adjourn until Wednesday night and the motion was carried unanimously. The council departed in a body for the minstrel performance.

The matches made in heaven are surely not of the old-fashioned brimstone variety.

Full instructions for use is always enclosed with each treatment.

STREET CROSSINGS FLUSHED MONDAY

"Knee deep in June," the poet says, and sings his little tune I love the pleasant roundels That treat of jocular June

But they are out of place, I vow, Before the jonquils bud For we are ankle deep just now In February mud.—Ev

Newark people have been experiencing some of the troubles which prompted the poet to get the above ditty out of his system. Service Director James McCarthy came to the relief of pedestrians Monday afternoon and ordered the street cleaning department to flush the street crossings.

This helped a lot. The work would have been even more appreciated if the entire surface of the downtown streets had been washed of its coating of month-old filth.

FOUND DYING IN ALLEY.

Gahon, Feb. 20.—Late last night a policeman discovered Edward Cronewett, aged 37, unconscious in an alley near the Cronewett home. The man never regained consciousness, but dies some hours later of uraemic poisoning. He was a well known Democratic politician. He was unmarried.

Wheeling "Bills" Made Good Impression in Olio—Local Boys Do Fine Work.

Even a downpour of rain failed to dampen the ardent reception accorded the Elks' minstrel at the Auditorium theatre on Monday evening and the matinee in the afternoon served to smooth down the rough places always apparent on "first nights." The program resolved itself into two factions. Newark vs. Wheeling. The first part was put on entirely by local talent and the olio was given over to the Elks of Wheeling, W. Va. The latter carried the second part of the

minstrel with professional ease and the cleverness of each and every participant brought them round after round of applause. The Wheeling "Bills" for a small bunch seem to have cornered more successful "accomplishments" than usually falls to the lot of mere mortals. They sing a little, dance a little, make you laugh at little and then they paint and sketch a little. After that they do not seem to have overlooked anything. "Our Boys" were right on top with the rising of the curtain and from the time they marched to their places things went with a vim. The setting of the first part was very pleasing, the interlocutor Mr. Hale being in a colonial costume of white satin with the "minstrels" in suits of red satin and the chorus in full evening dress with sashes of purple. The orchestra placed in the rear wore white military jackets embroidered in gold and was directed by R. A. Rea, under whose direction the minstrel was given. Great credit is due Mr. Rea for the professional manner in which the show was produced.

The first number was "Old Black Joe," which was sung by Theodore Kemp, basso. Mr. Kemp has a pleasing voice and did a good bit of character acting in the rendition of the old southern melody. The refrain was taken up by the chorus with good effect. Then the show went into the hands of the end men. These positions were taken by Gene Schlegel, Dan Ganey, P. S. Scott, Carl Carl Jones, W. E. Fulton, Bernie Wingerter, Rollin Baird and Ralph Lipscomb. The latter was the first singer selected and with his "Come Right In, Sit Right Down" and Carl Jones' "Any Old Way You Cook Chicken," it was a standoff for premier honors. Both these boys showed a clever insight into minstrelsy and their foot work was good. Gene Schlegel and W. E. Fulton were programmed as the "first black faces" and their entrance was a signal for a burst of applause. Mr. Fulton had some busy talk ready and he kept things going for several minutes. Gene then fell in with an original song called "I Didn't Mind It When He Landed, But When He Set Down." One of the prettiest sentimental songs was that sung by Frank Ewalt called "My Love For You Is Like the Stars That Shine." Mr. Ewalt possesses a very pleasing voice of nice range and his song was one of the best given.

Bernie Wingerter, Newark's favorite, sang a popular ragtime song called "Rag-time Violin," and the audience was loth to let Bernie get away. A clever diversion was offered when E. W. Murphy in faltering tones started to sing "The Holy City." A man on the left of the house started to leave and Mr. Murphy objected to this rudeness. A controversy ensued in which the stranger remarked "I could do better myself." He was invited to sing and responded by singing "The Songs My Mother Used to Sing." The singer was Clyde Reasoner of Zanesville. Dan Ganey, another of those funny men sang "At One O'clock in the Morning I Got Lonesome." This song seemed to recall incidents to Dan's friends in the audience, which would belie the application of the title to Dan and they found it irresistibly funny.

William Downey, a well known church singer, then sang "The Garland of Old-Fashioned Roses," which was one of the exceptionally pleasing numbers. Some "quick ones" were gotten off by Rollin Baird and Fletcher Scott, and Mr. Hale carried the role of interlocutor to honor for himself.

The boys in the chorus did splendid work and the refrains of the songs were real treats. They also presented a very pleasing appearance. The singers were L. E. W. Murphy, C. F. Ferguson, Clyde Reasoner, Frank Ewalt, Carl Kuster, M. C. Kent, R. L. Rhodes, William Downey, Merle D. Marshall, Robert Brennan, Raymond Hohl, Lloyd Heil and Robert Hayes.

A five minute intermission intervened between the first part and the olio. A change was made on the program and H. J. Menkemeller put on a skit called "Nonsensical Nonsense"

which included a number of very clever songs and take-offs. As a black-faced comedian Mr. Menkemeller ranks high. David Crawford, the little fellow with the big voice, sang a bass solo, which was one of the best ever heard here. Mr. Crawford has a remarkable voice under perfect control. He responded with an encore number of "A Jolly Rover and I."

Riley Wilson, a monologist, was one of the big screams of the program. Mr. Wilson is of very pleasing stage appearance and possesses a great amount of personal magnetism. He told some very clever stories and sang some bright and catchy burlesque songs. He dresses his act nicely appearing in full evening dress. Mr. Wilson was forced to respond to a number of encores.

A musical melange called on the program "No Ragtime For Mine," was given under the direction of Prof. Herman Shockey, pianist, and the All-Elks quartette of Wheeling, W. Va. The personnel of the quartette is first tenor, Alan H. Robinson; second tenor, Philip Maguire; baritone, William Leach; basso David Crawford. They were assisted by Will Travis in black face comedy work. The scene was laid in the studio of the professor and a number of beautiful solos and quartette numbers were given. Probably the most attractive of these was the "Rosary" which was beautifully rendered. Mr. Travis got away rapidly with his comedy work and went big in the singing of "That Mysterious Rag."

The concluding part of the show was an original exposition of art by Harry W. Wheat who did some clever work in crayons and his big number was the descriptive song "Any Old Port in a Storm," sang by Mr. Leach, who possesses a charming baritone voice, and the quartette, Mr. Wheat drew the picture of the ship wreck which is made realistic with electrical effects.

The audience which filled every seat in the house was a representative one and perhaps at no play in recent years have such elaborate floral displays been made. To most of the participants were given beautiful offerings both of vegetables, fruits and flowers. However, the flowers given over the footlights were gorgeous.

There were a number of box parties, the lower box on the right being occupied entirely by members of the Wheeling lodge of Elks while the upper box on the left was occupied by members of the Sigma Chi fraternity, friends of Riley Wilson. The two boxes on the left were occupied by Newark box parties.

The half of the proceeds from the show will be given to charitable work by the members of Lodge 591.
